GRAD 352

Program Admission Requirements

	GPA	ACT/SAT
Incoming UA student Option 1*	3.85 High School	28 composite or 1310 (no superscores)
Incoming UA student Option 2*	3.90 High School	N/A – submit essay & resume for review
Transfer student[^]	3.50 cumulative	N/A
Current UA student[^]	3.50 cumulative	N/A

* For additional information about applying to honors as an incoming freshman student, please visit

<https://honorscollege.uark.edu/apply/index.php#freshman>

[^]Applications will not be accepted from students within three (3) full semesters of anticipated graduation date.

Benefits of COEHP Honors

- Collaborative environment between students and faculty emphasizing learning and sharing of ideas
- Small, discussion-based classes that emphasize critical thinking
- Strong letters of recommendation
- Strong system of academic support and advising
- Ability to apply for study abroad and research grants through the Honors College
- Undergraduate research experience leading to completion of an honors thesis/project
- Satisfaction of meeting a higher standard
- Graduating with honors distinction on diploma and transcript

Honors Level	GPA
<i>Summa Cum Laude</i>	≥ 3.90
<i>Magna Cum Laude</i>	3.70 - 3.89
<i>Cum Laude</i>	3.50 - 3.69

Expectations

- Maintain a cumulative grade point average (GPA) of ≥ 3.50
- Complete the Honors course requirements – 18 honors hours total
 - Minimum 10 Honors hours within your program of study
 - Including 4 hours of Honors Thesis/Project credit
 - Up to 8 Honors hours of other University courses
 - *All Honors courses must be completed with grade of C or better*
- Complete an Honors Thesis/Project, including a defense before Honors Thesis/Project committee
- Comply with the University of Arkansas Academic Integrity Policy and Code of Student Life

At the end of each academic semester, the COEHP Honors Program will review academic records of all enrolled COEHP Honors students. A student's cumulative GPA must be 3.50 or greater to remain in good standing within the COEHP Honors Program; if the cumulative GPA falls between 3.00 and 3.49, the student will be placed on warning for one academic semester. At the end of the warning period if the student's cumulative GPA is 3.50 or greater, they will be reinstated in good standing within the COEHP Honors Program; if the cumulative GPA is less than 3.50 the student will be removed from the COEHP Honors Program. If the student's cumulative GPA falls below 3.00 at any point, the student will be immediately removed from the COEHP Honors Program.

All COEHP honors students are held to the highest standard with regard to academic achievement and academic integrity. Students violating the Academic Integrity Policy that receive a sanction of 1.0 or greater at the University of Arkansas will be permanently removed from the COEHP Honors Program without the ability to reapply. The student may appeal the decision to the University's Academic Integrity Board; if the sanction is overturned and removed, the student will be reinstated into the COEHP Honors Program.

General Requirements

Requirements for the COEHP Honors Program include meeting all university, COEHP, and department degree requirements. Additionally, students must maintain a cumulative GPA of 3.5, complete a minimum of 18 credit hours of honors courses, and complete and defend an honors thesis/project. Of the 18 honors credit hours, a minimum of 10 must be completed within the student's program of study (except in situations as described in the following paragraphs), including the Honors Thesis/Project Tutorial (390H1 or PHED 399H1) and 3 hours of Honors Thesis/Project (498HV), which may be split across multiple semesters. With prior approval from the student's academic adviser and the COEHP Honors Program, graduate level courses may be counted toward the 10 honors hours within the student's program of study.

Nursing students shall complete NURS 373H3 in place of the Honors Thesis/Project Tutorial (390H1). A nursing student who is completing their Honors thesis/project with a faculty mentor outside of their major or outside of COEHP shall complete NURS 373H3, but will still be required to complete 4 hours of thesis/project courses in their mentor's home department/program.

For Exercise Science students, EXSC 372H3 Honors Research Methods in Exercise Science may be substituted for EXSC 390H1 Exercise Science Honors Thesis Tutorial.

For Public Health students, PBHL 372H3 Honors Research Methods in Public Health may be substituted for PBHL 390H1 Honors Public Health Thesis Tutorial.

Students who wish to complete the Honors thesis/project with a COEHP faculty mentor outside of their major may enroll in the Honors Thesis/Project Tutorial and Honors Thesis/Project courses that correspond with the faculty member's department/program or the student's department/program; these hours shall be counted toward the 10 hour requirement. Students who wish to complete the Honors thesis/project with a non-COEHP faculty mentor should accumulate a minimum of 4 hours of Honors research/independent study courses that correspond with the faculty mentor's department/program; these hours shall be counted toward the 10-hour requirement.

Honors courses must be completed in residence at the University of Arkansas, Fayetteville campus in order to satisfy the required 18 honors credits to receive the COEHP Honors distinction. Any honors credits awarded based on AP/IB results shall not be used to fulfill this requirement. Transfer students from other four-year institutions may initiate an appeal with the COEHP Honors Council if they wish to have transfer Honors credit satisfy part of the 18-hour requirement.

All honors courses must be completed with grade of C or better to be counted toward the 18-credit hour requirement.

Insights from former students

“Being a part of the COEHP Honors program afforded me the opportunity to be challenged academically as well as work alongside faculty as I gained a first-hand experience in conducting a research study. Additionally, this program has provided me with a lifetime network of professors and peers who have empowered me to pursue higher education and a career in health professions.” – *Jessica Bell, Kinesiology, 2016*

“I was both challenged and supported by my faculty mentor and we accomplished more than I ever thought was possible. I had the opportunity to present my research on multiple platforms in addition to publishing a paper. I learned what it means to conduct research and be a better consumer of research in everyday life.” – *Lauren Clausing, Kinesiology, 2016*

“The COEHP Honors Program is a unique community of students, faculty, and staff who have continuously encouraged me throughout my years at the University of Arkansas. I learned how to be a confident leader in the Peer Mentor program, was able to build personal connections with my honors professors through study abroad and research, and I gained new friendships with my peers at COEHP Honors events. The program has truly enriched my college experience.” – *Savannah Busch, Public Health, 2022*

Elective Credits & Program Combinations

- **Second Degree**
 - Concentrate your electives into a single area for a second degree.
 - Example: Public Health & Psychology
- **Minor**
 - A minor is usually 15-18 hours in a single area. You can minor in subjects through another college.
 - Examples: Psychology, Human Development & Family Sciences, Business, Spanish

COEHP Scholarships

The standard application window for COEHP and other University of Arkansas scholarships is January 1 – February 15 each year. For the most updated information, please visit scholarships.uark.edu.

Time Spent on Learning

Undergraduate Education

1/3 of the information is given to you

2/3 of the information is up to you

Immediate Benefits	Developed Benefits
Independence	Responsibility
Freedom	Adapting
Expectation	Reacting
Control of Schedule	Problem-solving

Keys to Success: The Basics	
<p>Go to class Read assignments before class Review notes after class</p>	<p>Utilize available campus resources Sit near the front of the class Work hard!</p>
Reading	Note Taking
<p>Survey the assignment Before beginning, thumb through the assignment, looking at section titles, objectives, headings, charts, graphs, bold words, and summaries</p> <p>Identify the purpose of the reading Continue to ask, “what is the point of this?”</p> <p>Write questions Anticipate questions that your instructor may ask, and write these in the margin or on an index card</p> <p>Answer the questions Record the answer to your question and the page number you found it on</p> <p>Read in chunks Break longer reading assignments into shorter chunks—seven to ten pages at a time</p>	<p>Read before going to class Enhances your notes and gives you a better understanding of the instructor’s lecture</p> <p>Record important ideas Don’t try to write down everything—just the main points and supporting ideas</p> <p>Listen for cues “the main point,” “importantly,” “to summarize,” “the key here” Also—writing on the blackboard, PowerPoint slide, handout, or passage from the text</p> <p>Leave space in your notes After class, fill in the gaps</p> <p>Review notes after class Review notes as soon after class as possible—edit, revise, and fill in gaps</p>
Study Skills	Organization
<p>Create an ideal study space Avoid distractions, find comfortable space with plenty of light, play soft instrumental music</p> <p>Take breaks Take a ten minute break for every 50 minutes of studying</p> <p>Study during your prime learning time Are you a ‘morning person’ or a ‘night person’?</p> <p>Create Q & A cards Write the question on one side of an index card and the answer on the other—create these from both lecture notes and reading assignments This works great for chemistry formulas, too Carry these with you</p> <p>Review notes and readings daily We forget 80% of information within 24 hours of hearing it, unless it is reinforced (Downing, 84).</p>	<p>Make a semester assignment calendar During the first week of classes, write all assignments, quizzes, exams, and papers on a calendar</p> <p>Create a study schedule You’ve already created a class schedule, so make a study schedule How much time will you spend on each class—specify each class you are preparing for</p> <p>Use a daily to-do list Make a list of everything you expect to accomplish Break down tasks, set priorities—emphasize both academic and personal goals</p> <p>Set goals Short-term and long-term goals Break into small, achievable steps Assess value and motivation Remain aware of the reward Be willing to change</p>
<p>Van Blerkom, Dianna L. <i>Orientation to College Learning</i>. Australia: Thomson Wadsworth, 2007.</p>	<p>Downing, Skip. <i>On Course</i>. Boston: Houghton Mifflin Company, 2008.</p>

Setting and Achieving Goals

STEP I: Tentative Goal Statement

I want at least a 3.80 cumulative grade point average by the end of my fall semester.

STEP II: List of Obstacles and Resources

Obstacles	Resources
I didn't have to study in high school to get A's.	I am responsible for 2/3 of the information I learn. I will spend at least 30 hours a week studying and reading.
I've never had to take detailed notes or review them after a lecture.	I will read the chapter before the lecture and enhance my notes afterward.
There are over 400 students in my Biology lecture section.	I will sit in the first row of the classroom to make the room feel smaller.
I had Chemistry in high school, but we've already covered everything I know.	I will seek tutoring early through CLASS+ and my S.I. Group.
I made a B on my first Psychology exam.	I will read the chapters carefully, and write a list of questions to anticipate for the next exam.

STEP III: Revise Goal Statement

Is my goal still realistic after assessing my obstacles and the possible resources to help me?

Yes—I will try to earn 3.80 in the fall term.

STEP IV: Polish Goal

I will have higher than a 3.80 cumulative grade point average after my first semester.

Determining the Value of Goals

Desired Outcome	Value
Earn a cumulative GPA of 3.80 or better	A high GPA will look great on my transcript when I apply for study abroad grants, internships, additional scholarships, and admission into graduate/professional schools.
Graduate with honors from COEHP	I've never shied away from challenges. My research will be an added consideration for my application to graduate/professional school.
Join organizations on campus and in the community	I want a well-rounded experience here, where I can meet new and different people, learn more about myself, and give back.

COEHP Honors Year-by-Year

Summer before First Year

- Attend New Student Orientation
- Meet in a one-on-one advising appointment
 - Explain your academic interests and courses you would like to take
 - Share any hesitations you may have toward a particular subject or course
 - Inform your advisor of any scholarships/fellowships you have received
 - Tell your advisor about any AP/IB exams you have taken
 - Note exemption from ENGL 10103 and ENGL 10203 with an English score of 30 ACT/690 SAT
- Enroll in courses
 - Mix honors and non-honors courses, using core, major, and elective classes
 - 1 – 2 honors courses in a semester (3 – 6 hours)

Core	composition, math, humanities, social sciences, and natural sciences
Major	major requirements--includes thesis research and independent study hours
Elective	minor, double major, pre-professional requirements and upper-level honors courses

First Year

- Attend A-Week events the week before classes begin
- Enroll in University Perspectives (UNIV 100H1) and *at least* one 3-credit-hour Honors course
- Make final adjustments to your fall schedule by first Friday of classes
- Develop solid study habits
- Maintain a high GPA
- Get to know your course instructors
- Know scholarship renewal requirements
- Create your initial résumé with the Offices of Career Connections
- Identify work interests, values, and skills by completing a self-assessment through the Offices of Career Connections
- Explore and join the opportunities on campus and in the Northwest Arkansas community
- Meet with academic advisor for course selection and academic planning—October and March
- Volunteer in professors' labs/areas of research (i.e. thermoregulation in diabetic patients, alternate learning strategies for children 8-10 years old)
- Begin determining which research topics interest you the most

Second Year

- Examine your degree plan and how it relates to your desired goals
- Attend COEHP Honors Sophomore Success Meeting in the spring
- Consider your study abroad options—plan in advance
 - Office of Study Abroad (479) 575-7582 studyabroad.uark.edu
- Discuss your academic and career plan with your academic advisor
 - Contact COEHP Honors Program for follow-up questions and assistance, as desired
- Continue to participate in on-campus and community activities
- Identify career goals and how you will reach these through studying abroad, job shadowing, networking, informational interviews, internships, and research
- Students are **strongly encouraged** to have a thesis/project mentor by the end of the spring semester
- Develop a strong research question and begin writing a SURF Grant Application (thesis mentor will assist with the process)
- For Exercise Science & Public Health students: enroll in EXSC 372H3 or PBHL 372H3 Honors Research Methods
 - Discuss this course with you honors thesis/project mentor and academic advisor
 - This course will replace EXSC 390H1 or PBHL 390H1, if taken
- Apply for SURF Grant
 - Attend a SURF information meeting
 - Register for SURF application tool kit through the [Office of Nationally Competitive Awards](#)
 - If you do not receive the SURF Grant, you will automatically be considered for an Honors College Research Grant

Third Year

- Maintain contact with faculty, academic advisor, and administrators
- Identify and address additional education and skills necessary for employment or graduate/professional school
- Ask a professor to serve as your Honors Thesis/Project mentor, if you have not already done so
 - Find one additional faculty member to serve on your thesis/project committee
- Begin working on honors thesis/project
- Suggested: Submit thesis/project proposal form by Reading Day
- Meet with your academic advisor
- Prepare for national exams, e.g., MCAT, GRE, LSAT, etc.
- Continue to strengthen résumé through on- and off-campus involvement
- Apply for postgraduate fellowships/scholarships
- Enroll in Honors Thesis/Project Tutorial – 390H1
 - Search by departmental prefix, and enroll in thesis/project mentor's section (example: CIED 390H1)
- Apply for SURF Grant, if not awarded in second year
 - Attend a SURF information meeting

- Register for SURF application tool kit through the [Office of Nationally Competitive Awards](#)
- If you do not receive the SURF grant, you will automatically be considered for an Honors College Research Grant.

Summer before Fourth Year

- Continue working on thesis/project
- Maintain frequent contact with your thesis/project mentor
- Begin annotated bibliography, consulting your mentor for assistance
- Read sources and continue building bibliography
- Take national exams, e.g., MCAT, GRE, LSAT, etc., unless taking in fall
- Write your personal statement
- Polish your résumé, cover letter, and portfolio
- Participate in on-campus interviews for jobs, professional schools, and graduate schools through the Office of Career Connections

Fourth Year (fall)

- Visit your academic advisor in August/September for a senior degree check
- Make sure you will meet all graduation rules:

Rule	Description
40-Hour Rule	Complete 40 hours of courses numbered 30000 or above.
Residency Requirement	Earn a minimum of 30 semester hours at the University of Arkansas, Fayetteville campus, at the 30000- or 40000-level
Total Hours	Complete 120 hours of credit

- Apply for graduation on UAConnect
- Begin a draft of your thesis/project
- Apply to graduate and professional schools
- Apply for postgraduate fellowships/scholarships
- Attend career fairs
- Send résumé to target employers
- Enroll in Honors Thesis/Project credit – 498HV
 - Must complete at least 3 hours before graduation
 - Search by departmental prefix, and enroll in thesis/project mentor's section (example: CSDI 498HV)
- Present Proposal to Thesis/Project Committee (ideally presented in junior year)
 - Research Mentor will assist with scheduling presentation
- Submit Honors Thesis/Project Proposal Form (unless you submitted in junior year)
 - Deadline: Reading Day

Fourth Year (spring)

- Complete Thesis/Project
 - Complete data collection by March 1 (dates are suggested, but meet with thesis/project mentor to confirm)

- Write results in March and April
- Defend Thesis/Project – final week of April or earlier
 - Work with mentor and committee to establish a defense date, time, and location.
 - Provide committee a copy of your thesis/project to committee at least two weeks prior to defense
 - Bring a copy of the Thesis/Project Approval Form to defense
- Submit Final Copy of Thesis/Project to ScholarWorks
 - Incorporate all rewrites and edits provided during defense
 - Complete the submission agreement
- Attend COEHP Honors Commencement ceremony
 - Receive honors regalia
- Attend University of Arkansas Commencement ceremony
- Celebrate!

Honors Thesis/Project Options

Due to the diverse nature of the majors in our College, we have developed different tracks for the Honors Thesis/Project, which you will select from in consultation with your faculty mentor. All tracks may not be available for all majors. Honors faculty mentors must approve the track of the honors student they are mentoring.

Track 1: Research-Based

- This option is the “traditional” thesis or case study format.
- Your written thesis will take the reader through the path of your project from beginning to end, including hypotheses, literature review, methodology, data collection and analysis, results, and discussion.
- The written product will be detailed enough that another researcher could replicate your study without any additional information.
- Work with your faculty mentor to determine a topic that is relevant and interesting to you.

Track 2: Practice-Based

- Examples include internships, service-learning, and clinical experiences.
 - To qualify as an honors thesis/project, your experience must go above and beyond the general expectations for any internship/clinical/practicum courses required for or available to all students in your major.
- Students selecting this option will still be expected to create a written report and presentation.
- Begin by selecting a practice-based experience with your faculty mentor's assistance.
- Your written product will include a review of relevant scholarly literature that focuses on the type of experience in which you will be participating, which will allow you to develop a theory behind the benefits of the experience.
- Most importantly, you will write a reflection where you will summarize significant duties and responsibilities of your experience, significant challenges, lessons learned, and how the experience affects your future goals.

Track 3: Expanded Literature Review

- A literature review is not an annotated bibliography, but a critical analysis of professional and scholarly literature above and beyond expectations for all students in the major.
- While similar to the research-based thesis/project, in this option you will not conduct your own study, instead focusing on existing literature about your topic of interest.
 - This review would be more extensive than that done for the research-based thesis/project.
- It is recommended that you include a minimum of 20-25 sources in your literature review, the majority of which should be primary sources.
- Through a thorough review of the literature, you will be able to discuss the history of your topic and its development, the results of various studies that have already been conducted regarding your topic, and the current status of scholarly discussion on your topic.
- You will also be able to identify flaws in the existing research and suggest possible solutions to these flaws.

For all options, you will be expected to include a list of references at the end of your thesis/project document. Your research mentor will advise you on which reference format to utilize.

**If you have any questions about these options, please contact
the COEHP Honors Program Director or Associate Director**

Academic Advising

If you have questions related to your particular major or program of study, you should contact the Boyer Center for Student Services (BCSS), which serves as the advising center for the College of Education & Health Professions.

Boyer Center for Student Services Main Office

(479) 575-4203

114 Cordia Harrington Center for Excellence

<https://coehp.uark.edu/students/advising/index.php>

bcss@uark.edu

You can make an advising appointment in UASuccess. Select the College of Education & Health Professions and you will be able to schedule an appointment with the appropriate advisor based on your major.

Major Requirements

In the following pages, you will find degree requirements for majors within COEHP. Please note that this information is updated frequently and does not reflect which Honors courses are required for your particular major. The most up-to-date version of these requirements can be found at catalog.uark.edu. Requirements for previous catalog years can be found at catalog.uark.edu/archives. If you have questions about the requirements for your major, you should contact your academic advisor.

The courses in the following pages designated with this symbol (^) can be offered with Honors sections, however these courses may not be offered each semester. Additionally, within **all** departments the following courses are required for COEHP Honors students:

- (department) 390H1– Honors Thesis/Project Tutorial
 - Exercise Science & Public Health students may substitute EXSC 3723H or PBHL 372H3 – Honors Research Methods for EXSC 390H1 or PBHL 390H1
 - Nursing students will complete NURS 373H3 in place of NURS 390H1
 - Physical Education students will complete PHED 399H1 in place of PHED 390H1
- (department) 498HV – Honors Thesis/Project
 - Must complete 3 hours prior to graduation

Please check with your academic advisor for the most updated Honors course listings and for information about which Honors courses you need to complete for your major.

Career & Technical Education B.S.E. (CATE): Business Education Concentration (BUED)

- **Pre-CATE Requirements** 41 hours
 - Required State Minimum Core for Career & Technical Education
 - PSYC 20003^ General Psychology
 - Recommended for Business Education concentration
 - ECON 21003^ Principles of Macroeconomics
 - ECON 22003^ Principles of Microeconomics
 - MATH 20503 Finite Mathematics
 - CIED 10103 Introduction to Education
 - CATE 31003^ Introduction to Professionalism
- **Professional Education**
 - CIED 30203^ Survey of Exceptionalities 3
 - or CIED 40203 Teaching in Inclusive Secondary Settings
 - CIED 30303^ Classroom Learning Theory 3
 - CATE 40103 Teaching Strategies 3
 - SEED 40203 Classroom Management 3
 - CATE 40303 Assessment / Program Evaluation 3
 - CATE 40502 Seminar Teaching Internship 2
 - CATE 41006 Teaching Residency I 6
 - CATE 40612 Teaching Internship 12
- **Technical Requirements**
 - ACCT 20103^ Accounting Principles 3
 - BLAW 20003^ The Legal Environment of Business 3
 - ACCT 20203^ Accounting Principles II 3
 - MKTG 34303^ Introduction to Marketing 3
 - BUSI 10303^ Data Analysis and Interpretation 3
 - CATE 48003 Problems in Career & Technical Edu. 3
 - SPCH 10003^ Public Speaking 3
- **Electives** 23
 - Recommended courses for Business Education – 3 hours must be Upper Level on-campus enrollment
 - ISYS 11203 Business Application Knowledge
 - MATH 11003 College Algebra
 - CIED 10003 Introduction to Technology in Education
 - STEM 40703 Teaching Programming in the Secondary Schools
- **Total Hours** 120

Career & Technical Education B.S.E. (CATE): Family and Consumer Sciences Concentration (FCSE)

- **Pre-CATE Requirements** 41 hours
 - Required State Minimum Core for Career & Technical Education
 - PSYC 20003^ General Psychology
 - Recommended for Family and Consumer Sciences Education concentration
 - MATH 11003 College Algebra
 - CHEM 14103/14101 University Chemistry I & Lab
 - or CHEM 12103/12101 Fundamentals of Chemistry & Lab
 - HDFS 14003^ Life Span Development
 - HDFS 24013^ Family Relations
 - CIED 10103 Introduction to Education
 - CATE 31003^ Introduction to Professionalism
- **Professional Education Core**
 - CIED 30203^ Survey of Exceptionalities 3
 - or CIED 40203 Teaching in Inclusive Secondary Settings
 - CIED 30303^ Classroom Learning Theory 3

Career & Technical Education B.S.E. (CATE): Technology Education Concentration (TEED)

- **Pre-CATE Requirements** 41 hours
 - Required State Minimum Core for Career & Technical Education
 - PSYC 20003^ General Psychology
 - Recommended for Technology Education concentration
 - PHYS 20103/20101 College Physics I & Lab
 - or PHYS 20304^ University Physics I
 - MATH 22003 Survey of Calculus
 - CIED 10103 Introduction to Education
 - CATE 31003* Introduction to Professionalism
- **Professional Education**
 - CIED 30203^ Survey of Exceptionalities 3
 - or CIED 40203 Teaching in Inclusive Secondary Settings
 - CIED 30303^ Classroom Learning Theory 3
 - CATE 40103 Teaching Strategies 3
 - SEED 40203 Classroom Management 3
 - CATE 40303 Assessment / Program Evaluation 3
 - CATE 40502 Seminar Teaching Internship 2
 - CATE 41006 Teaching Residency I 6
 - CATE 40612 Teaching Internship 12
- **Technical Requirements**
 - ASTM 16103 Fundamentals of Agri. Systems Technology 3
 - ASTM 31703 Electricity in Agriculture 3
 - STEM 40303 Introduction to STEM Education 3
 - TEED 12003 CAD Technology I 3
 - TEED 21003 Technology and Society 3
 - ASTM 31002/31001 Small Power Units/Turf Equipment & Lab 3
 - TEED 41003 Engineering Design for Tech. Ed. Capstone 3
- **Electives** 23
 - Recommended courses for Technology Education – 3 hours must be Upper Level on-campus enrollment
 - SPCH 10003^ Public Speaking
 - GNEG 11101^ Introduction to Engineering I
 - or GNEG 11003 Introduction to Engineering
 - GNEG 11201^ Introduction to Engineering II
 - or GNEG 11003 Introduction to Engineering
 - INEG 35103 Manufacturing Processes
 - TEED 21003 Technology and Society
 - STEM 40703 Teaching Programming in the Secondary Schools
- **Total Hours** 120

Childhood Education B.S.E. (CHED): English as a Second Language Concentration (EASL)

- **Pre-Elementary Education (PELED) Requirements**
 - Required State Minimum Core 35 hours
 - ENGL 10103^ Composition I
 - ENGL 10203^ Composition II
 - MATH 11003 College Algebra
 - or MATH 11103 Quantitative Reasoning
 - BIOL 10103/10101 Principles of Biology & Lab
 - or BIOL 10004 Biological Principles
 - HIST 20003 History of the American People to 1877
 - or HIST 20103 History of the American People, 1877 to Present
 - GEOL 11103/11101^ Physical Geology & Lab
 - GEOG 11103^ Human Geography

- **General Electives** 7
- **Total Hours** 120

Nursing B.S.N. (NURS)

• **State Minimum Core Requirements**

35 hours

- English
 - ENGL 10103^ Composition I
 - ENGL 10203^ Composition II
- Mathematics
 - MATH 11003 College Algebra
- Sciences with Labs (8 hours) must include:
 - BIOL 24003/24001 Human Anatomy & Lab
 - BIOL 24103/24101 Human Physiology & Lab
- Fine Arts (3 hours)
 - Select one of the following:
 - ARCH 10003^ Architecture Lecture
 - ARHS 10003^ Art Lecture
 - COMM 10003^ Film Lecture
 - DANC 10003 Dance Appreciation
 - ENGL 20103 Creative Writing I
 - LARC 10003^ The American Landscape
 - MUSC 10103^ Music and Society
 - MUSC 13303 Popular Music
 - THTR 10003^ Theatre Appreciation
 - THTR 10103 Musical Theatre Appreciation
- Humanities (3 hours)
 - Select one of the following:
 - AAST 20203 The African American Experience
 - ARAB 20103 Intermediate Arabic I
 - ARAB 20203 Intermediate Arabic II
 - FREN 20103 Intermediate French I
 - GNST 20003^ Introduction to Gender Studies
 - GREK 20103 Intermediate Ancient Greek I
 - HUMN 22103 Introduction to World Religions
 - ITAL 20103 Intermediate Italian I
 - ITAL 21103 Italian for Romance Language Speakers II
 - LALS 20103 Introduction to Latin Am. & Latino Studies
 - LATN 20103 Petronius' Satyricon
 - PHIL 20003^ Introduction to Philosophy
 - PHIL 21003 Introduction to Ethics
 - PHIL 23003 Human Nature & the Meaning of Life
 - SPAN 20103 Intermediate Spanish I
- History/Government (3 hours)
- Social Sciences (9 hours)

• **Additional Science Requirements**

- CHEM 12103/12101 Fundamentals of Chemistry & Lab 4

	• or any higher-level CHEM

Minor Requirements

In the following pages, you will find the course requirements for minors within COEHP. Please note that this information is updated frequently and that minors housed in other UA colleges are not listed here. The most up-to-date version of these requirements, as well as requirements for minors in other colleges, can be found at catalog.uark.edu. Requirements for previous catalog years can be found at catalog.uark.edu/archives. If you have questions about the requirements for your minor, you should contact your academic advisor.

The courses in the following pages designated with this symbol (^) can be offered with Honors sections, however these courses may not be offered each semester.

Please check with your academic advisor to declare a minor or to discuss requirements for minors housed within other UA colleges.

Minor in Educational Studies (EDST-M)

- EDST 20003 Intro to Educational Studies 3
 - or any 30000-level EDST or CIED course
- EDST 31103 Legal Developments in Education 3
- EDST 32203^ American Educational History 3
- EDST 3990V^ Special Topics in Educational Studies 3
 - or any 30000/40000-level EDST course
- EDST 40003^ Philosophy of Education 3
- **Total Hours** **15**

Minor in Human Resource Development (HRDE-M)

- HRDE 31103 Foundations of H.R. Development 3
- HRDE 31203 Career Development 3
- HRDE 32103 Organization Development 3
- HRDE 33103 Training & Development 3
- Choose 1 from the following courses: 3
 - HRDE 31303 Writing for H.R. & Workforce Development Professionals
 - HRDE 32203 Managing H.R. Development Programs
 - HRDE 33203 Designing & Developing H.R. Development Programs
 - HRDE 33303 Communication in H.R. & Workforce Development
 - HRDE 41103 Generational Dynamics in the Workplace
 - HRDE 41203 Strategic Human Resource Development
 - HRDE 41303 International H.R. Development & Cultural Differentiation
 - HRDE 42103 Workplace Diversity & Human Resource Development
 - HRDE 42203 Professional & Leadership Development
 - HRDE 42303 HRD Legal & Ethical Issues
 - HRDE 43103 H.R. Development Program & Product Evaluation
 - HRDE 43203 Instructional Technology & Design
- **Total Hours** **15**

Minor in Outdoor Leadership (ODLR-M)

- RESM 10203 Foundations of Outdoor Leadership 3
- RESM 10302 Outdoor Living Skills 2
- RESM 30403 Natural Resources & Outdoor Ethics 3
- RESM 40203 Applied Outdoor Adventure Leadership 3
- Select 4 of the following: 4
 - RESM 10401 Social Issues in the Outdoor Industry
 - RESM 10501 Rock Climbing I
 - RESM 10601 Rock Climbing II
 - RESM 10701 Introduction to Mountain Biking
 - RESM 10801 Mountain Biking II
 - RESM 10901 Introduction to Bike Mechanics

- RESM 11001 Wilderness First Aid
- RESM 11201 Soft Surface Trail Stewardship & Management
- RESM 11301 Introduction to Bikepacking
- RESM 20101 Recreation & Sport Management Practicum
- **Total Hours** **15**

Minor in STEM Education (STEM-M)

- STEM 20003 The Art of ATEM Communication 3
 - or STEM 12001 Intro to Teaching STEM Subjects
 - & STEM 12102 Inquiry Approach to Teaching STEM Subjects
- STEM 31003 Knowing & Learning in Science & Math 3
- STEM 32003 Classroom Interactions 3
- Electives chosen from the following: 6
 - STEM 12001 Intro to Teaching STEM Subjects
 - STEM 12102 Inquiry Approach to Teaching STEM Subjects
 - STEM 20003 The Art of STEM Communication
 - STEM 43303 History & Philosophy of Science for Science Teachers
