*Applications will not be accepted from students within three (3) full semesters of anticipated graduation date.

Benefits of COEHP Honors

- Collaborative environment between students and faculty emphasizing learning and sharing of ideas
- Small, discussion-based classes that emphasize critical thinking
- Strong letters of recommendation
- Strong system of academic support and advising
- Ability to apply for study abroad and research grants through the Honors College
- Undergraduate research experience leading to completion of an honors thesis/project
- Satisfaction of meeting a higher standard
- Graduating with honors distinction on diploma and transcript

</tr>
</tbody>
</table>

Expectations

- Maintain a cumulative grade point average (GPA) of ≥ 3.50
- Complete the Honors course requirements
  - Minimum 10 Honors hours within your program of study
  - Up to 8 Honors hours of other University courses
- Complete an Honors project, including a defense before an Honors thesis committee
- Comply with the University of Arkansas Academic Integrity Policy and Code of Student Life
At the end of each academic semester, the COEHP Honors Program will review academic records of all enrolled COEHP Honors students. A student’s cumulative GPA must be 3.50 or greater to remain in good standing within the COEHP Honors Program; if the cumulative GPA falls between 3.00 and 3.49, the student will be placed on probation for one academic semester. At that time, the student is strongly encouraged to remove any Honors courses from their schedule. At the end of the probationary period if the student’s cumulative GPA is 3.50 or greater, they will be reinstated in good standing within the COEHP Honors Program; if the cumulative GPA is less than 3.50 the student will be removed from the COEHP Honors Program and the student must remove any Honors courses from their schedule. If the student’s cumulative GPA falls below 3.00 at any point, the student will be immediately removed from the COEHP Honors Program and the student must remove any Honors courses from their schedule.

All COEHP Honors students are held to the highest standard with regard to academic achievement and academic integrity. Students violating the Academic Integrity Policy that receive a sanction of 1.0 or greater at the University of Arkansas will be permanently removed from the COEHP Honors Program without the ability to reapply. The student may appeal the decision to the University’s Academic Integrity Board; if the sanction is overturned and removed, the student will be reinstated into the COEHP Honors Program.

**General Requirements**

Requirements for the COEHP Honors Program include meeting all university, COEHP, and department degree requirements. Additionally, students must maintain a cumulative GPA of 3.5, complete a minimum of 18 credit hours of honors courses, and complete and defend an honors thesis/project. Of the 18 honors credit hours, a minimum of 10 must be completed within the student's program of study (except in situations as described in the following paragraph), including the Honors Tutorial (3901H) and 3 hours of Honors Thesis (498VH), which may be split across multiple semesters.

Students who wish to complete the Honors thesis/project with a COEHP faculty mentor outside of their major should enroll in the Honors Tutorial and Honors Thesis courses that correspond with the faculty member's department/program; these hours shall be counted toward the 10 hour requirement. Students who wish to complete the Honors thesis/project with a non-COEHP faculty mentor should accumulate a minimum of 4 hours of Honors research/independent study courses that correspond with the faculty mentor's department/program; these hours shall be counted toward the 10 hour requirement.

For Exercise Science students, Honors Research Methods in Exercise Science (EXSC 3723H) may be substituted for the Honors Tutorial (3901H)

Honors courses must be completed in residence at the University of Arkansas, Fayetteville campus in order to satisfy the required 18 honors credits to receive the COEHP Honors distinction. Any honors credits awarded based on AP/IB results shall not be used to fulfill this requirement. Transfer students from other four-year institutions may initiate an appeal with the COEHP Honors Council if they wish to have transfer Honors credit satisfy part of the 18 hour requirement.
Insights from former students

“Being a part of the COEHP Honors program afforded me the opportunity to be challenged academically as well as work alongside faculty as I gained a first-hand experience in conducting a research study. Additionally, this program has provided me with a lifetime network of professors and peers who have empowered me to pursue higher education and a career in health professions.” – Jessica Bell, Kinesiology, 2016

“I was both challenged and supported by my faculty mentor and we accomplished more than I ever thought was possible. I had the opportunity to present my research on multiple platforms in addition to publishing a paper. I learned what it means to conduct research and be a better consumer of research in everyday life.” – Lauren Clausing, Kinesiology, 2016

Elective Credits & Program Combinations

- Second Degree
  - Concentrate your electives into a single area for a second degree.
  - Example: Nursing & Public Health

- Minor
  - A minor is usually 15-18 hours in a single area. You can minor in subjects through another College.
  - Examples: Psychology, Human Development & Family Sciences, Business, Spanish

COEHP Scholarships

The standard application window for these and other University of Arkansas scholarships is January 1 – February 15 each year. For the most updated information, please visit scholarships.uark.edu.

# Keys to Success: The Basics

<table>
<thead>
<tr>
<th>Go to class</th>
<th>Utilize available campus resources</th>
</tr>
</thead>
<tbody>
<tr>
<td>Read assignments before class</td>
<td>Sit near the front of the class</td>
</tr>
<tr>
<td>Review notes after class</td>
<td>Work hard!</td>
</tr>
</tbody>
</table>

## Reading

**Survey the assignment**
Before beginning, thumb through the assignment, looking at section titles, objectives, headings, charts, graphs, bold words, and summaries.

**Identify the purpose of the reading**
Continue to ask, “what is the point of this?”

**Write questions**
Anticipate questions that your instructor may ask, and write these in the margin or on an index card.

**Answer the questions**
Record the answer to your question and the page number you found it on.

**Read in chunks**
Break longer reading assignments into shorter chunks—seven to ten pages at a time.

## Note Taking

**Read before going to class**
Enhances your notes and gives you a better understanding of the instructor’s lecture.

**Record important ideas**
Don’t try to write down everything—just the main points and supporting ideas.

**Listen for cues**
“the main point,” “importantly,” “to summarize,” “the key here”
Also—writing on the blackboard, PowerPoint slide, handout, or passage from the text.

**Leave space in your notes**
After class, fill in the gaps.

**Review notes after class**
Review notes as soon after class as possible—edit, revise, and fill in gaps.

---

## Study Skills

**Create an ideal study space**
Avoid distractions, find comfortable space with plenty of light, play soft instrumental music.

**Take breaks**
Take a ten minute break for every 50 minutes of studying.

**Study during your prime learning time**
Are you a ‘morning person’ or a ‘night person’?

**Create Q & A cards**
Write the question on one side of an index card and the answer on the other—create these from both lecture notes and reading assignments.
Carry these with you.

**Review notes and readings daily**
We forget 80% of information within 24 hours of hearing it, unless it is reinforced (Downing, 84).

---

## Organization

**Make a semester assignment calendar**
During the first week of classes, write all assignments, quizzes, exams, and papers on a calendar.

**Create a study schedule**
You’ve already created a class schedule, so make a study schedule.
How much time will you spend on each class—specify each class you are preparing for.

**Use a daily to-do list**
Make a list of everything you expect to accomplish.
Break down tasks, set priorities—emphasize both academic and personal goals.

**Set goals**
Short-term and long-term goals.
Break into small, achievable steps.
Assess value and motivation.
Remain aware of the reward.
Be willing to change.

Setting and Achieving Goals

STEP I: Tentative Goal Statement
I want at least a 3.80 cumulative grade point average by the end of my fall semester.

STEP II: List of Obstacles and Resources

<table>
<thead>
<tr>
<th>Obstacles</th>
<th>Resources</th>
</tr>
</thead>
<tbody>
<tr>
<td>I didn’t have to study in high school to get A’s.</td>
<td>I am responsible for 2/3 of the information I learn. I will spend at least 30 hours a week studying and reading.</td>
</tr>
<tr>
<td>I’ve never had to take detailed notes or review them after a lecture.</td>
<td>I will read the chapter before the lecture and enhance my notes afterword.</td>
</tr>
<tr>
<td>There are over 200 students in my Biology lecture section.</td>
<td>I will sit in the first row of the classroom to make the room feel smaller.</td>
</tr>
<tr>
<td>I had Chemistry in high school, but we’ve already covered everything I know.</td>
<td>I will seek tutoring early through CLASS+ and my S.I. Group.</td>
</tr>
<tr>
<td>I made a B on my first Psychology exam.</td>
<td>I will read the chapters carefully, and write a list of questions to anticipate for the next exam.</td>
</tr>
</tbody>
</table>

STEP III: Revise Goal Statement
Is my goal still realistic after assessing my obstacles and the possible resources to help me?
Yes—I will try to earn 3.80 in the fall term.

STEP IV: Polish Goal
I will have higher than a 3.80 cumulative grade point average after my first semester.

Determining the Value of Goals

<table>
<thead>
<tr>
<th>Desired Outcome</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Earn a cumulative GPA of 3.80 or better</td>
<td>A high GPA will look great on my transcript when I apply for study abroad grants, internships, additional scholarships, and admission into graduate/professional schools.</td>
</tr>
<tr>
<td>Graduate with honors from COEHP</td>
<td>I’ve never shied away from challenges. My research will be an added consideration for my application to graduate/professional school.</td>
</tr>
<tr>
<td>Join organizations on campus and in the community</td>
<td>I want a well-rounded experience here, where I can meet new and different people, learn more about myself, and give back.</td>
</tr>
</tbody>
</table>
COEHP Honors Year-by-Year

Summer before First Year

- Attend New Freshman Orientation
- Meet in a one-on-one advising appointment
  - Explain your academic interests and courses you would like to take
  - Share any hesitations you may have toward a particular subject or course
  - Inform your advisor of any scholarships/fellowships you have received
  - Tell your advisor about any AP/IB exams you have taken
  - Note exemption from English Comp. I and II, with an English score of 30 ACT/690 SAT
- Enroll in courses
  - Mix honors and non-honors courses, using core, major, and elective classes
    - 1 – 2 honors courses in a semester (3 – 6 hours), at most

<table>
<thead>
<tr>
<th>Core</th>
<th>composition, math, humanities, social sciences, and natural sciences</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major</td>
<td>major requirements—including thesis research and independent study hours</td>
</tr>
<tr>
<td>Elective</td>
<td>minor, double major, pre-professional requirements and upper-level honors courses</td>
</tr>
</tbody>
</table>

First Year

- Enroll in University Perspectives (UNIV 1001H) and at least one 3-credit-hour Honors course
- Make final adjustments to your fall schedule by first Friday of classes
- Develop solid study habits
- Maintain a high GPA
- Get to know your course instructors
- Know scholarship renewal requirements
- Create your initial résumé with the Career Development Center
- Identify work interests, values, and skills by completing a self-assessment through the Career Development Center
- Explore and join the opportunities on campus and in the Northwest Arkansas community
- Meet with academic advisor for course selection and academic planning—October and March
- Attend mandatory COEHP Honors Thesis meeting in the spring (or during fall of second year)
- Volunteer in professors’ labs/areas of research (i.e. thermoregulation in diabetic patients, alternate learning strategies for children 8-10 years old)
- Begin determining which research topics interest you the most
Second Year

- Examine your degree plan and how it relates to your desired goals
- Attend mandatory COEHP Honors thesis meeting if you have not already
- Consider your study abroad options—plan in advance
  - Office of Study Abroad (479) 575-7582 studyabroad.uark.edu
- Discuss your academic and career plan with your academic advisor—fall and spring terms
  - Contact COEHP Honors Program for follow-up questions and assistance, as desired
- Continue to participate in on-campus and community activities
- Identify career goals and how you will reach these through studying abroad, job shadowing, networking, informational interviews, internships, and research
- Students are strongly encouraged to have a thesis mentor by the end of the spring semester
- Develop a strong research question and begin writing a SURF Grant Application (thesis mentor will assist with the process)
- For Exercise Science students: enroll in EXSC 3723H Honors Research Methods in Exercise Science
  - Discuss this course with you honors mentor
  - This course will replace KINS 3901H, if taken
- Apply for SURF Grant
  - Attend a SURF information meeting
  - Register for SURF application tool kit through the Office of Nationally Competitive Awards
  - For more information, contact Jonathan Langley (479) 575-2716 jtlangl@uark.edu
  - If you do not receive the SURF Grant, you will automatically be considered for an Honors College Research Grant

Third Year

- Maintain contact with faculty and administrators
- Identify and address additional education and skills necessary for employment or graduate/professional school
- Ask a professor to serve as your Honors Thesis Director, if you have not already done so
  - Find two additional faculty members to serve on your thesis committee
- Begin honors thesis/project research
- Suggested: Submit thesis proposal by Dead Day
- Meet with your academic advisor—fall and spring terms
- Prepare for national exams, e.g., MCAT, GRE, LSAT, etc.
- Continue to strengthen résumé through on- and off-campus involvement
- Apply for postgraduate fellowships/scholarships
- Enroll in Honors Thesis Tutorial - 3901H
  - Search by departmental prefix, and enroll in thesis mentor’s section (example: CIED 3901H)
• Apply for SURF Grant, if not awarded in second year
  o Attend a SURF information meeting
  o Register for SURF application tool kit through the Office of Nationally Competitive Awards
  o For more information, contact Jonathan Langley (479) 575-2716
    jtlangl@uark.edu
  o If you do not receive the SURF grant, you will automatically be considered for an Honors College Research Grant.

**Summer before Fourth Year**
• Continue thesis/project research
• Maintain frequent contact with your thesis director
• Begin annotated bibliography, consulting your director for assistance
• Read sources and continue building bibliography
• Take national exams, e.g., MCAT, GRE, LSAT, etc., unless taking in fall
• Write your personal statement
• Polish your résumé, cover letter, and portfolio
• Participate in on-campus interviews for jobs, professional schools, and graduate schools through the Career Development Center

**Fourth Year (fall)**
• Visit your advisor in August/September for a senior degree check
• Make sure you will meet all graduation rules:

<table>
<thead>
<tr>
<th>Rule</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>40-Hour Rule</td>
<td>Complete 40 hours of courses numbered 3000 or above.</td>
</tr>
<tr>
<td>Residency Requirement</td>
<td>Earn a minimum of 30 semester hours at the University of Arkansas, Fayetteville campus, at the 3000- or 4000-level</td>
</tr>
<tr>
<td>Total Hours</td>
<td>Complete 120 hours of credit</td>
</tr>
</tbody>
</table>

• Apply for graduation on UAConnect
• Continue research
• Begin a draft of your thesis
• Apply to graduate and professional schools
• Apply for postgraduate fellowships/scholarships
• Attend career fairs
• Send résumé to target employers
• Enroll in Honors Thesis/Project – 498VH
  o Must complete at least 3 hours before graduation
  o Search by departmental prefix, and enroll in thesis mentor’s section (example: CDIS 498VH)
• Present Proposal to Thesis Committee (ideally presented in junior year)
  o Research Mentor will assist with scheduling presentation
• Submit Honors Thesis/Project Proposal Form (unless you submitted in junior year)
  o Deadline: Dead Day
**Fourth Year (spring)**

- Complete Thesis/Research Project
  - Complete data collection by March 1 (dates are suggested, but meet with thesis mentor to confirm)
  - Write results in March and April
- Defend Thesis/Research Project – final week of April or earlier
  - Work with mentor and committee to establish a defense date, time, and location.
  - Provide committee a copy of your thesis to thesis committee at least two weeks prior to defense
  - Bring a copy of the Thesis/Project Approval Form and Thesis Evaluation Tool to defense
- Submit Final Copy of Thesis to ScholarWorks
  - Incorporate all rewrites and edits provided during defense
  - Complete the submission agreement
- Attend COEHP Honors Commencement ceremony
  - Receive honors regalia
- Attend University of Arkansas Commencement ceremony
- Celebrate!
Honors Thesis/Project Options

**Practice-Based**
- Examples include internships, service learning, and clinical experience.
- Students selecting this option will still be expected to create a written report and presentation.
- Begin by selecting a practice-based experience with your mentor’s assistance.
- Your written report will include a review of relevant scholarly literature that focuses on the type of experience in which you will be participating, which will allow you to develop a theory behind the benefits of the experience.
- Most importantly, you will write a reflection where you will summarize significant duties and responsibilities of your experience, significant challenges, lessons learned, and how the experience affects your future goals.

**Research-Based**
- This option is the traditional thesis or case study format.
- Your written thesis will take the reader through the path of your project from beginning to end, including hypotheses, literature review, methodology, data collection and analysis, results, and discussion.
- The thesis will be detailed enough that another researcher could replicate your study without any additional information.
- Work with your honors mentor to determine a topic that is relevant and interesting to you.

**Expanded Literature Review**
- A literature review is not an annotated bibliography, but a critical analysis of professional and scholarly literature.
- While similar to the traditional research-based thesis, in this option you will not conduct your own study, instead focusing on existing literature about your topic of interest.
- It is recommended that you include a minimum of 20-25 sources in your literature review, the majority of which should be primary sources.
- Through a thorough review of the literature, you will be able to discuss the history of your topic and its development, the results of various studies that have already been conducted regarding your topic, and the current status of scholarly discussion on your topic.
- You will also be able to identify flaws in the existing research and suggest possible solutions to these flaws.

For all options, you will be expected to include a list of references listed at the end of your thesis document. Your research mentor will advise you on which reference format to utilize.

If you have any questions about these options, please contact the COEHP Honors Program Director or Associate Director.
Academic Advising

If you have questions related to your particular major or program of study, you should contact the Office of Academic Student Initiatives & Services (OASIS), which serves as the advising center for the College of Education & Health Professions.

**OASIS Main Office**
(479) 575-4203
350 Graduate Education Building
oasis.uark.edu
oasis@uark.edu

You can make an advising appointment in UASuccess. Select the College of Education & Health Professions and you will be able to schedule an appointment with the appropriate advisor based on your major.

*Note: Advisors for Nursing & Communication Disorders are located in the Epley Center for Health Professions.*

Major Requirements

In the following pages, you will find degree requirements for majors within COEHP. Please note that this information is updated frequently and does not reflect which Honors courses are required for your particular major.

The courses in the following pages designated with an asterisk (*) are offered with Honors sections, however these courses may not be offered each semester. Additionally, within all departments the following courses are required for COEHP Honors students:

- (department) 3901H – Honors Thesis Tutorial
  - Exercise Science students may substitute EXSC 3723H – Honors Research Methods in Exercise Science for KINS 3901H
- (department) 498VH – Honors Thesis/Project

Please check with your academic advisor for the most updated Honors course listings and for information about which Honors courses you need to complete for your major.
Career & Technical Education (CATE): Business Education Concentration (BUED)

- University Core Requirements 35 hours
  - Required University Core for Career & Technical Education
    - PSYC 2003* General Psychology
  - Recommended for Business Education concentration
    - ECON 2013* Principles of Macroeconomics
    - ECON 2023* Principles of Microeconomics
    - MATH 2053 Finite Mathematics

- Professional Education
  - CIED 1013 Introduction to Education 3
  - CIED 3023 Survey of Exceptionalities 3
    - or CIED 4023 Teaching in Inclusive Secondary Settings
  - CIED 3033 Classroom Learning Theory 3
  - CATE 3103* Introduction to Professionalism 3
  - CATE 4013 Teaching Strategies 3
  - CATE 4023 Classroom Management 3
  - CATE 4033 Assessment / Program Evaluation 3
